## DREAM HYMNS

### THE HOWL

The cry, the cry within the soul,  
Yearning, yearning to become whole,  
The wind, the wind bitter and cold,  
The cry, the cry within the soul.

The scream, the scream within the heart  
Despairing, despairing in the dark,  
The fields, the fields empty and stark,  
The scream, the scream within the heart.

The plea, the plea within the prayer,  
Begging, begging please God be there,  
The hills, the hills sullen and bare,  
The plea, the plea within the prayer.

The howl, the howl within the Christ,  
Bleeding, bleeding tears in the night,  
The waves, the waves in the moonlight,  
The howl, the howl within the Christ.
